SUPERFICI DI PIETRA

è la nostra reinterpretazione di materie naturali eterne,
pensate per introdurre superfici dall'effetto pietra in chiave contemporanea.

Calde texture, colori rassicuranti e finiture tecniche
si uniscono alle prestazioni elevate delle grandi lastre in gres porcellanato,
per progetti moderni, senza soluzione di continuità.

Pavimenti, rivestimenti, elementi d'arredo,
per spazi interni ed esterni.

ARCHITETTURA INTEGRATA

spazi senza soluzione di continuità
tra interno ed esterno.

Design estetico che soddisfa sia le esigenze funzionali
che quelle emozionali.

SUPERFICI DI PIETRA

*is our reinterpretation of timeless millenary stones,
designed to elevate surfaces into contemporary projects.*

*Warm textures, shooting colors & unmatched technical finishes
combine with the outstanding performance of large format porcelain slabs,
creating modern & seamless design solutions.*

*Floors, wall coverings & furnishing elements,
for both indoor and outdoor spaces.*

ARCHITECTURAL FLOW

*creating seamless indoor & outdoor
living spaces.*

*Aesthetic design for both functional
& Emotional needs.*

What is **PORCELAIN4TOP SURFACES** ?

MADE IN ITALY

Cos'è porcelain4TOPSURFACES?

Pietra sinterizzata 100% made in Italy, realizzata in grandi lastre ceramiche ottenute attraverso un innovativo processo di compattazione e sinterizzazione. Composte unicamente da materie prime naturali di alta qualità in grado di conferire alle superfici, incomparabili caratteristiche di resistenza e durata. Prodotte senza l'utilizzo di resine e leganti chimici.

What is porcelain4TOPSURFACES?

Is the result of a revolutionary italian technology, that allows us to produce sintered stones, ultracompact porcelain large format panels, featuring body and surface continuity, without the use of resins and chemical binders.

Only composed from natural raw materials of premium quality, exposed to an extreme temperature firing process, that gives to our products incomparable characteristics in terms of strength, resistance and durability.

Advantages

Quali sono i vantaggi nell'utilizzo di porcelain4TOPSURFACES?

What are the advantages of choosing our porcelain slabs for work tops applications?

Resistenza al calore ed alle alte temperature

High resistance to heat and to high temperatures

Resistenza e protezione alla formazione di funghi e batteri

High resistance to mould, mildew & fungus

Alta resistenza alle macchie e ai prodotti di pulizia

High resistance to stains and to cleaner detergents

A contatto con alte temperature, non rilascia sostanze nocive

High resistance to thermal shock

Può essere utilizzato all'esterno

High resistance to UV rays

Inassorbente, resistente ai graffi e antigelivo

Waterproof, frostresistant and skratproof

Facile da pulire ed adatto al contatto diretto con il cibo

Very easy to clean and maintain

I colori sono stabili e duraturi nel tempo, non contiene resine

Colors are durable over the time

Applications

Applicazioni: interno ed esterno, piani di arredo, rivestimenti quali docce e camini, pareti esterne, pavimentazioni ed ovunque sia richiesta alta qualità, design e bassa manutenzione.

This innovative material is great for any application, anywhere, indoor and outdoor areas, such as counter tops, working tables, vanities, stairs, shower walls, fire places, walls cladding, heavy traffic floor or exterior facades, and wherever high quality, sanitary and low maintenance are required.
